

September 2017: A Guide to Our New Membership Options

Over the last few years, we have invested a significant amount of money in hundreds of thousands of new teaching materials, planning and assessment, and new schemes of work. As Twinkl has grown, so has the number of people we're able to support - and we're now able to create more materials, more quickly than ever before. As such, many of our new products will now be available in bundles, enabling you to only choose (and pay for) the content which is relevant for you and your role as an educator. Whichever age group you teach, we have a membership option which meets your needs.

In a nutshell, we're offering more choice, more value – but the same great Twinkl.

What's New?

For Primary, you are free to choose between three main bundles: **Core**, **Extra** and **Ultimate**.

For Secondary, we're now offering a **Single Subject Licence** or our **All Subject Licence**.

Secondary subscriptions have been separated into departments so that our content is more well-organised and your experience using the site is tailored to your subject choice. Additionally, by separating our secondary subjects, you only need to pay for the content that you want.

As well as our standard membership options, we're excited to be able to offer you new product choices! These will be available as **add-ons** which can be bolted on to your subscription - meaning you can add as many (or as few!) as you wish to create your own, unique Twinkl membership!

Why the Change?

More tailored membership options. Improved product range. Keeping costs down.

We have invested heavily in our new product range to make sure that we are meeting the needs of all our members – from Early Years through to Secondary (and beyond!) – and we're proud to offer products which are more relevant and helpful to our core groups of customers. With a greater freedom of choice, you can select the combination of products which is right for you – and only pay for the materials that you really need.

What Will Happen to my Current Subscription?

For the vast majority of our existing customers, there will be **no change to your level of access**. However, the name of your subscription will be changing for the purposes of consistency with our newer members.

- If you currently have a Classic subscription, this will be renamed **Core**.
- If you have a Foundation, PlanIt or Imagine subscription, you will have **Core** access, plus your relevant **add-on**.
- If you have a Platinum Plus subscription, this will be renamed as **Extra**.

You will still be able to access the same content that you always could.

If you're tempted by any of our additional products – Twinkl Handwriting, for example – you'll now have the option to purchase any add-ons that take your fancy.
